

School year 2019

During the first staff meeting in Italy the following decisions have been made:

✓ Creation of:

A collection of the motions discussed during the mobility, provided with methodological notes and learning outcomes highlighted by the teachers;

A booklet collecting the most significant experiences practised by students and teachers. This publication enriches the existing literature on “Debate” and spreads the methodology on a national and European scale, highlighting the benefits.

✓ Implementation of the following activities:

✓ Evaluation/Dissemination phase

- Internal dissemination (other students, teachers, families)
- External dissemination: involvement of stakeholders and public authorities, networks active at EU level, Twinspace, OER Commons, European Shared Treasure
- Europass documents (Mobility, Language Passport)
- Assessment questionnaire at the end of every activity aimed at measuring the impact on participants and organizations
- Implementation of the TwinSpace: Poland
- The Twinspace should have, from the start, at least the following pages:
 - Description of the project (rationale, objectives, activities)
 - Description of the partners
 - Page for the logo vote – each student selected has to be provided with an account for voting and virtual mobility

✓ Creation of the website: Holland

- The website should have, from the start, at least the following pages:
 - Description of the project (rationale page 2, objectives page 3/4 (20 lines), activities pages 6/7)
 - Description of the partners in English → not longer than 10 lines
 - The website will be in English.
 - The Dutch partner will upload the materials that have to be sent by email

✓ Creation of the Facebook page: Turkey

✓ Students' selection criteria:

- Age of students between 16 and 19 years

- Gender equality (10 students and 10 female students)
- Excellent academic results in English, vehicular of the project: this requirement is strictly necessary to guarantee the success of the debate activities, and will be assessed through the possession of linguistic certifications and / or the school average in the discipline
- Each school may have additional criteria
- All partner schools will involve at least **10% of students** with special educational needs/fewer opportunities.

✓ Activity around the “The oath of the debater” and the “Code of the Debater”

✓ Decision on the topics as follows:

- **Global conflicts and geopolitics (Italy)**
- **Research and Ethics (Turkey)**
- **Human rights (Holland)**
- **Underdevelopment (Latvia)**
- **Science and technology (Science and technology) (Portugal)**
- **Environmental issues and climate change (Poland)**

02/12/2021 Blended Meeting

During today's meeting we have made the following decisions:

- Due to the present conditions it is no longer possible to carry out the lipdub video which will be replaced with a video report of the mobilities activities;
- Italy will provide guidelines and a digital framework to create the booklet which will contain the following sections:
 - Introduction (Debate theory)
 - 1 chapter for each topic from the mobilities in which examples of argumentation and refutation are provided;
 - Final section containing materials such as evaluation tools for debate sessions, an example of lesson plan (see the template) integrating Debate in the teaching/learning Routine
 - For the editing of the booklet these websites might be used: <https://www.canva.com/> or <https://bookcreator.com/> (other proposals are welcomed)
 - The topics to be debated in Poland will be sent during the first two weeks of January
 - An online meeting on the mobility to Poland will be held after 17th January 2022 (date and time to be set)
